

# It Ain't Over 'Til It's Over

If you believe in something  
Never give up on it  
Fight for it to the very end  
'Cause you don't know what could  
happen  
Until it's all said and done  
And it ain't over 'til it's over

Come on!  
It ain't over 'til it's over and I ain't  
never quitting  
I'm never giving up on my dreams  
and my vision  
Fear is a prison and most of us  
people living  
Gotta choose to overcome it  
'cause courage is a decision  
It ain't over till it's over and I ain't  
never quitting  
I overcome the obstacles I faced  
from the beginning  
They said it was impossible but I  
refused to listen  
Had fight against the odds and  
now the underdog is winning

When I say that I'm winning I ain't  
trying to boast or brag  
I'm trying to give the people hope  
that they don't have  
I'm trying to uplift them when they  
listen to the truth  
I spit anything is possible and I am  
living proof of it

My story story started back when I  
was young buck  
Rapping was my passion but I was

on some dumb stuff  
Lost with no guidance, no male  
role model  
The pain that I felt made my heart  
grow hollow  
Hustlers and rappers were the  
one's that I would follow  
I took to the streets and my soul it  
would swallow  
Lonely alone I dove into a bottle  
I rolled up a blunt and smoked  
away my sorrow  
Caught up in the hustle  
Thought I had the muscle  
But I thought wrong 'cause with the  
law you can't scuffle  
When they handcuff you, bust you  
and enslave you  
No matter who you pray to there's  
no-one that can save you

They who arrest you for drugs and  
then imprison you  
Say it's for your wellbeing but I  
know that isn't true  
The drug war's - a business, prison  
is an institute  
A wage slavery for the companies  
who getting loot  
By locking up nonviolent  
individuals  
Drug offenders of any kind are not  
criminals  
Ten year minimum, mandatory  
sentence  
They thought that they could stop  
me but my spirit is relentless  
This is more than the fame and  
making money  
This is my destiny and can't  
nobody take it from me  
They can take my life, but they will  
never take my freedom

Even if I'm in a prison I will never  
stop believing

It ain't over 'til it's over and I ain't  
never quitting  
I'm never giving up on my dreams  
and my vision  
Fear is a prison and most of us  
people living  
Gotta choose to overcome it  
'cause courage is a decision  
It ain't over till it's over and I ain't  
never quitting  
I overcome the obstacles I faced  
from the beginning  
They said it was impossible but I  
refused to listen  
Had fight against the odds and  
now the underdog is winning

I had to make a choice and take a  
risk  
And it was not easy, believe me,  
but if I didn't I would not be me  
I would not be doing this, you  
would never hear of me  
I overcame the fear in me, it's no  
longer impairing me  
Now I see with clarity, apparently  
I'm here to be a mirror to the  
people when they stare at me they  
see their own reflection  
And the connection that we share  
is the message and the music that  
you hear

Come on!  
When you want something  
sometimes you have to fight  
If you love something you should  
be willing to sacrifice  
Willing to risk it all, willing to take a  
fall, willing to do whatever you

have to and never stall  
'Cause you know the time is now,  
the future's not a given  
Every moments like a new  
beginning, take advantage of 'em  
If you have someone you better go  
and grab and hug 'em  
Even if you mad at 'em you better  
tell them that you love 'em

G-yeah, 'cause any day could be  
your last, life is going so fast, don't  
get caught up in the past or you'll  
get left behind, stop wasting time,  
life is not a movie you cannot  
press rewind  
Gotta dream and pursue it, what  
you waiting for  
Do it!  
Don't talk about it let your actions  
prove it  
In this world there is nothing you  
cannot do and if you want it bad  
enough there is nothing that will  
stop you

It ain't over 'til it's over and I ain't  
never quitting  
I'm never giving up on my dreams  
and my vision  
Fear is a prison and most of us  
people living  
Gotta choose to overcome it  
'cause courage is a decision  
It ain't over till it's over and I ain't  
never quitting  
I overcome the obstacles I faced  
from the beginning  
They said it was impossible but I  
refused to listen  
Had fight against the odds and  
now the underdog is winning
